

# Wimpey Time-Ownership Weekly Chart

This weekly period chart will show the precise dates on which your Time-Ownership weeks start between now and the year 2065. Look at the week number at the top of the chart – the dates below it, when cross referenced with the years on the left, will give the dates on which your Time-Ownership begins.

Time-Ownership weeks at Las Casitas are from Thursday to Thursday. Two of the weeks numbered 49, 50 and 51 (depending upon which bungalow you purchased) are reserved for maintenance purposes. Because of Leap years, every five or six years there is a '53rd week'. When this occurs it is included in the maintenance period.
